Application Menu project table

UpdateDelete

An application menu is a group of modules in the application navigator. Choose the roles that are required to access the application and add or remove modules in the related list below.[More Info](#)

* Titleproject tableApplicationGlobalActive☒

Restricts access to the specified roles. Otherwise, all users can view the application menu when it is active.

Rolesproject member

Specifies the menu category, which defines the navigation menu style. The default value is Custom Applications.

CategoryCustom Applications

The text that appears in a tooltip when a user points to this application menu
